Other colours, gauges, widths and lengths available. Lead times may apply.

The glazing system explained

The H-Bar system makes handling and installation easy and flexible. The Makrolon® Multiwall sheets simply slot into the H-Bar ready for fixing to the structure. The glazing bar system allows for thermal expansion and eliminates the need for penetrations through the sheet, making the structure watertight.

Accessories

Aluminium Edge Bar

Standard Colours: Mill Finish, Black, White
 Standard Length: 5m

Easy slot in installation. Use to start and finish H-Bar assembly.

Aluminium One Piece H-Bar

Standard Colours: Mill Finish, Black, White
 Standard Length: 5m

Easy slot in installation. Recommended for high wind areas.

Aluminium Two Piece H-Bar

Standard Colours: Mill Finish, Black, White
